## IN SOCIETY

By Jeanette H. Poland - Telephone 361

Hours 6:30 to 8:30 a. m. 6:30 to 9:30 p. m.

### SOCIAL CALENDAR

#### Thursday.

Entre Nous Club, Mrs. Victor Williams.  
Priscilla Club, Mrs. C. G. Howland.  
Lily Bud Bridge, Mrs. Teer.  
Fourth Ward Mothers' Club.

#### Friday.

Thimble Tea Club.

#### Christian Ladies.

The Christian Ladies' Aid society was delightfully entertained Tuesday afternoon at the church by Rev. J. W. Burns and Dr. Cox.

After the business session the hosts served a lovely two-course luncheon. The society meets next week with Mrs. Deveny and Mrs. Finley on A street, northeast.

Mrs. J. C. Read is the guest of Mrs. B. H. Corlew, having been called to the bedside of her mother, Mrs. Henley, who is very ill.

#### Bible Study Class.

The Bible Study Class spent a very profitable and pleasant afternoon Wednesday with Mrs. R. H. Hayden.

#### Ferndale Review.

The Ferndale Review club met Wednesday afternoon with Mrs. E. P. Holder. Mrs. Arthur Carpenter was leader. The subject for study was "Italian Art."

Mrs. Susan Haynes read very interesting, "Italy," by Samuel Rogers.

"Respect for the Flag" was the subject of an interesting paper read by Mrs. J. L. Cox.

Mrs. W. H. Hampass read a splendid paper on "The Five Most Famous Paintings of Early Christian Art." The club meets next week with Mrs. A. E. Douglas. Mrs. Susan A. Haynes will be leader.

#### Five Hundred-Forty-Two.

A beautiful five hundred and forty-two benefit party was given by the Catholic Ladies' Aid society Wednesday afternoon at the home of Mrs. A. J. Hemstreet.

Mrs. Shouse made top score in the games of five hundred. Mrs. Frank

Pierce was given the consolation favor. High score in the forty-two games was made by Mrs. Russell.

Miss Martina Sprekelmeyer won the consolation.

The home was prettily adorned with quantities of chrysanthemums and ferns. Thirteen tables were arranged for the games.

A lovely two-course luncheon was served after the games.

Mrs. Hemstreet was assisted by Mrs. M. Gorman, Mrs. E. E. Guilbot, Mrs. L. W. Burrow, Mrs. R. Conline, Mrs. J. S. Mullen, Mrs. Skipworth, Miss McCabe, Miss McKinley, and Mrs. McDaway.

### Makes Stubborn Coughs Vanish in a Hurry

Surprisingly Good Cough Syrup  
Easily and Cheaply  
Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into a pint of cough syrup, and watch that cough vanish.

Four the 2 1/2 ounces of Pinex (50 cents worth), into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 64 cents, and gives you a full pint—a family supply—of a most effective remedy, at a saving of \$2. A day's use will usually overcome a hard cough. Easily prepared in 5 minutes—full directions with Pinex. Keeps perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter cough, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Eucalypti extract, rich in eucalyptol, which is so healing to the membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

### HEALTH NOTES BY STATE BOARD COMMISSIONER

#### Whooping Cough is Dangerous.

Whooping cough causes more deaths than scarlet fever. This statement may surprise persons who all their lives have believed that whooping cough is no worse than a "bad" cold, and that it was perfectly natural and practically harmless for children to have this disease.

Children without whooping cough will not contract it unless brought in contact with the infection. The latter usually is transmitted through the sputum and secretions discharged from the mouth and nose. It is highly important that children with whooping cough should be kept away from those who do not have it. The indiscriminate turning loose of scarlet fever patients would cause a riot in most communities, yet whooping cough is deadlier than scarlet fever in its final results.

Whooping cough is attended by many complications, notably hemorrhages, the most dangerous being cerebral hemorrhages. Bronchitis is always present. Bronchopneumonia causes nine-tenths of the deaths in whooping cough.

The whooping cough germ is usually transmitted by direct contact. The disease is most frequent between the ages of six months and five years. Girls are more susceptible than boys, and in nervous children the paroxysms of coughing are especially severe.

The sputum and secretions from the mouth and nose of the whooping cough patient should be controlled with cloths, and the latter soaked for several hours in a five per cent solution of carbolic acid, and then boiled. Preferably all such cloths should be burned. By destroying the germ carriers, the spread of the disease can be prevented. Whooping cough is infectious from the moment the first symptom is manifested.

#### Overcoming Hay Fever.

Newspapers may recall the mid-summer appeal of the American Hay Fever Prevention association for the destruction in the neighborhood of towns and cities of the two varieties of rag weed whose pollen induces hay fever. New Orleans cleared all the streets and lots of these weeds, with the result that hay fever disappeared three weeks earlier than in other years. The success of the undertaking at New Orleans will be used in stimulating public co-operation in a national movement against the causes of hay fever in 1916.

#### Enforcing Cleanliness.

An inspector of the State Board of Health found eleven out of twenty quilts in a prosperous Oklahoma hotel to be too dirty for use. The quilts were removed from the building. In another hotel fifty-two cracked or chipped dishes, of which nine were meat platters, were ordered thrown out. The use of such dishes in restaurants and hotels is forbidden by law, as they are easy carriers of disease germs.

Progress in Tuberculosis Warfare. The fact that tuberculosis is a pre-

## EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 10 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

ventable disease is being more plainly understood by the public, with the result that never before was the fight to destroy tuberculosis so strong and progressive. There are now 2,500 progressive agencies, including about 1,200 state and local anti-tuberculosis associations, engaged in the work. The death rate apparently has been reduced from 326 per 100,000 population in 1880 to 147.6 in 1913. This means that if the former rate of mortality had continued the number of deaths in 1913 would have been 322,027. Instead of 143,000. It is estimated that these 143,000 deaths represent a cost of \$214,500,000 to the people of the United States.

#### Public Health Inquiries Invited.

The work of the Oklahoma State Board of Health in attempting to induce the various communities of Oklahoma to acquaint themselves clearly with the various problems affecting public health is bringing to the board a constantly increasing number of inquiries for practical information along these lines, and from all parts of Oklahoma. Dr. John W. Duke, commissioner of health, wishes the public to know that the board of health is desirous of offering its help in every possible way, and without cost, for the improvement, protection, and conservation of public health everywhere in Oklahoma, and invites letters of inquiry at all times. Commissioner Duke is especially desirous of promoting sound health among the pupils in the public schools.

#### ODD FACTS

The remains of the Colossus of Rhodes have been dispersed beyond possibility of recovery, or even of tracing. It stood for little more than half a century, and then in 224 B. C. was overthrown by an earthquake. The Rhodians raised from benevolent outsiders large sums of money for its restoration, but divided the fund among themselves, asserting that the oracle of Delphi had forbidden them to set it up again. So there the ruin lay until 672 A. D. when the Saracens sold it to a Jewish merchant, who loaded 900 camels and went away—literally—with the brass.

The Culebra slide may just be so fond of Col. Goethals that it wants to keep him in the canal zone.

## ECZEMA COVERED LITTLE BOY'S SCALP

Caused Loss of Sleep. Hair All Fell Out in a Week's Time. Used Cuticura Soap and Ointment. Head Well.

Long Creek, Ala.—"Our little boy's head was broken out with something like ringworm and after a short while his entire scalp was covered with this eruption. We decided it was eczema. His head looked as if it was scalded and he would scratch it. It caused him to lose sleep and all his hair fell out in a week's time."

"We used every remedy available but nothing did him any good. I finally got a free sample of Cuticura Soap and Ointment and began to use them. In less than one week I could see a marked improvement so I bought a bar of Cuticura Soap and box of Cuticura Ointment and before we had used all of them our little boy's head was not only well but had a growth of beautiful hair." (Signed) Mrs. S. A. Strubling, August 1, 1914.

Keep your face young by daily use of Cuticura Soap and Cuticura Ointment. Sample Each Free by Mail. With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

#### "SIN" AT ROYAL TODAY

#### WILL PACK THE HOUSE

At the Audubon theatre in New York recently the box office was virtually mobbed by an excited crowd, frantically scrambling to gain admission to the latest William Fox production, "Sin." Police reserves were necessary to handle the crowds, and late at night the multitude still clamored to get in.

Theda Bara has a very wicked, cruel and evil face, but she is not wicked, cruel and evil, for in real life she is a sweet, wholesome woman who detests the abnormal. In "Sin" Miss Bara is at her best, for it gives this marvelous actress full opportunity to display her remarkable talent. A great cast appears in "Sin," among whom are William Shay, whose work in "The Glengarry Case" and "Two Orphans" will be long remembered. Henri Leon, a famous Broadway artist, Warner Oland and Louise Rial are a part of the supporting cast. The scenic investiture is of the usual high class so characteristic of Fox productions. "Sin" will be the attraction at the Royal today.

Ardmore theatregoers will be delighted to learn that the Palace, the new and modern photoplay house, in course of construction on West Main, is nearly finished and will be opened to the public Monday, Nov. 15, at 1 p. m. The opening will be vaudeville and "Graustark," a V. L. S. E. photo drama, with the great favorites, Francis X. Bushman and Beverly Bayne, cast in the leading roles. The Palace has 1,000 comfortable opera chairs and the admission price will be 5 and 10 cents, with three shows daily, and vaudeville at each one.

#### Aged Man Injured

Ponca City, Nov. 10.—William Taur, aged 70 years, fell from a load of hay Wednesday, breaking his right arm and shoulder. Owing to Mr. Taur's advanced age, attending physicians believe that the wound will not heal.

#### Life Terms Released.

Leavenworth, Kan., Nov. 10.—Walter Williams and Ed. Baker, serving life terms in the federal penitentiary here for murder committed in Oklahoma, were given freedom Wednesday by a commutation of their sentences by President Wilson. The men were sent here before Oklahoma was admitted to statehood.

#### RUSSIA FORESEES

#### FIVE YEARS OF WAR

London, Nov. 10.—"The reorganization and extension changes which are being introduced in the Russian army," says the Morning Post's Petrograd correspondent "plainly indicate that the Russians contemplate a long struggle. They are making preparations for a war lasting five years more."

The preparations are not being made solely against the Germans. The Russians believe the Germans are expending their last energies in an en-

"No!—I Said Calumet!"

"I want what I ask for—I know what it would mean to go home without it. Mother won't take chances—she's sure of Calumet—sure of light, wholesome, tasty bakings—of positive, uniform results—of purity and economy. You try

Cheap and big can Baking Powder do not save you money. Calumet does—it's Pure and far superior to rout mix and soda.

deavor to stir up the whole of the Mussulman continent, and Russia probably sees the necessity of more strength to clear up the situation.

## Nothing Stops This Man

The man with vigorous, virile health, and a clear mind who brushes away obstacles, and rejoices in overcoming difficulties, is bound to succeed. His is the joyous outlook on life.

Physical and mental conditions like these come largely through proper eating—"Food makes the man."

Now it is a fact—attested by food experts—that the modern dietary is woefully lacking in the very elements that put success into a man. They are the mineral salts—Phosphate of Potash, etc. White bread is almost wholly lacking in them. But there is one food that rightly supplies these vital elements, and that food is

## Grape-Nuts

Made from whole wheat and barley, Grape-Nuts contains all the nutriment of the grain, including the valuable mineral salts. It is easily digested, is concentrated and has delicious taste. A daily ration of Grape-Nuts along with other food helps build vigorous bodies and keen brains.
